

PRODUCT DATA SHEET

ADVANCE 4T SAE 20W-50 SN JASO MA2

Product Overview:

ADVANCE 4T 20W-50 SN JASO MA2 is a SPECIALLY formulated premium motorcycle engine oil. It consists of wear resistance additives, viscosity improver, corrosion inhibitor & Anti-oxidant. It is specially formulated for use in motorcycle gasoline (petrol) engines i.e. 4-stroke & 2-stroke engines. It is particularly excellent for older engines application. It will reduce oil consumption quite drastically. It provides protection by providing good cushioning between two metal surfaces that rub against each other especially at high temperature. This engine oil is manufactured with high safety measure and quality control according to ISO 9001:2015 standard. Recommended shelf life is 3 to 3½ years, but normally can last for 5 years. Recommended for almost all the motorcycles: Yamaha, Suzuki, Kawasaki, Honda, Kriss, Jaguh, BMW.

Benefits & Features

- Reduces wear and tear due to friction between metals by providing cushioning between two metal surfaces that rub against each other.
- Ensures maximum engine performance and power.
- Reduces oxidation during engine operation.
- Reduces carbon, acid, wax, deposits and sludge formations.
- Ensures smoother, cooler and quieter engine performances.
- Protection against engine internal corrosion & rust.
- Keeps the engine running cleaner & more efficient.
- Can pass through wear & tear test by using friction-lubricity tester.

Performance

- SAE 20W-50 API SN JASO MA2

Typical Physical Properties

Characteristics Method	Unit	Method	Typical Value
Kinematic Viscosity @100°C	cSt	ASTM D445	18.56
Kinematic Viscosity @40°C	cSt	ASTM D445	145.98
Viscosity Index	-	ASTM D2270	143
Specific Gravity @15°C	kg/m ³	ASTM D4052	0.88
Flash Point	°C	ASTM D93	>210
Pour Point	°C	-	-18
TBN	mgKOH/g	ASTM D2896	>6.5
Colour	-	ASTM D1500	L 2.5
Appearance	-	VISUAL	Bright & Clear
